The perfect union between sound and design.

NEO 5  
NEO 6 A

Optional wall-mount bracket for X,Y orientation.

#### Different sizes to meet any corner.

With 3 models (4", 5", 6") available in 2 colours, the NEO series provides decorators optimum flexibility regarding installation requirements. A self-amplified version of NEO 5 and NEO 6 is also available.

#### Quick & easy installation.

With the (optional) wall-mount bracket, it becomes very easy to install NEO series. They ensure the perfect orientation of the loudspeakers.

#### An elegant design.

Decorators and architects can take advantage of the elegant design of NEO loudspeakers and use them as another element of decoration. This makes visual integration easier in bars, galleries, shops, etc.

#### Self-powered versions.

Two self-powered models complete the NEO series for a maximum convenience in designing installations. They feature a digital (class D) amplifier of two channels, high and low tone controls, RCA, Mini Jack inputs and a speaker powered output. Each self-powered loudspeaker comes with another (passive) loudspeaker.
